Dealing with Complexity

From SEBoK
Dealing with Complexity

Usage

This source is considered a primary reference for the following articles:

- Complexity
- Engineered System Context

Annotation

This book includes a definitive explanation of the ideas of system context, and relates it to aspects of the system approach. It also makes the link between complexity and systems thinking, covering both hard and soft views of complexity.

SEBoK v. 2.4, released 19 May 2021
