Holism (glossary)

From SEBoK
holism

(1) The theory that parts of a whole are in intimate interconnection, such that they cannot exist or be understood independently of the whole. (von Bertalanffy 1968)

(2) To take a Holistic view of a situation. (von Bertalanffy 1968)

Sources

Discussion

The term "holistic " is used to describe an approach based on holism.
