Interoperability (glossary)

From SEBoK
interoperability

(1) **Degree to which two or more systems, products or components can exchange information and use the information that has been exchanged.** (ISO/IEC 2009)

(2) **The ability for two or more ORBs to cooperate to deliver requests to the proper object.** (ISO/IEC 2003)

(3) **The capability to communicate, execute programs, and transfer data among various functional units in a manner that requires the user to have little or no knowledge of the unique characteristics of those units.** (ISO/IEC 1993)

**Source**

**Discussion**

None.

SEBoK v. 2.1, released 31 October 2019
