Technical Performance Measure (TPM) (glossary)

From SEBoK
technical performance measure (tpm)

(1) Measures of attributes of a system element within the system to determine how well the system or system element is satisfying specified requirements. (Roedler and Jones 2005, 1-65)

(2) A product design assessment, which estimates, through engineering analysis and tests, the values of essential performance parameters of the current design as effected by risk handling actions. (BMP 2012)
