- 30 WikiSEO

AddLinkClasses

The link's source should show a class of "cat-disqus": Guide to the Systems Engineering Body of Knowledge (SEBoK)

BreadCrumbs

There should be breadcrumbs above.

Cite

Test

Text^[1]

1. Test

Expected

Text^[1]

1. Test

Cite This Page

Check this link.

Collection

Test here.

ConfirmEdit

Download

<download> File:JoshuaReynoldsParty.jpg </download>

DPL

This page should be listed:

- SEBoK:Extension Tests
- SEBoK:Extension Tests

emailform

<emailform>

Full Name: <emailform name=40 />
Email: <emailform from=40 />
Request for New Article: <emailform request_for_article=80x8 />
Request to Update Existing Article: <emailform request_for_update_article=80x8 />
<emailform submit="Send Comments" />

```
</emailform>  
<emailform result>  
Thanks for your request!
```

From: <emailform name /> <emailform from/>
Comments: <emailform comments />

```
</emailform>
```

googleAnalytics

Check the HTML source of this page.

HTML Tags

The page source should show:

```
<meta name="description" content="test"/>
```

ImageMap

Error: Image is invalid or non-existent.

InputBox

Math

Test

$$\int_{(x,y) \in C} x^3 dx + 4y^2 dy$$

Expected

$$f(x,y) \in Cx^3dx + 4y^2dy \text{ (but much better-looking)}$$

See also: Special:MathStatus

Nuke

Test here.

ParserFunctions

Test

10

Expected

10

Parsoid (disabled)

PdfBook

This should create a PDF book

Poem

A nicely formatted poem should be below. `<poem style="border: 2px solid #d6d2c5; background-color: #f9f4e6; padding: 1em;">` Une terre au flanc maigre, âpre, avare, inclément
Où les vivants pensifs travaillent tristement,

Et qui donne à regret à cette race humaine

Un peu de pain pour tant de labeur et de peine ;

Des hommes durs, éclos sur ces sillons ingrats ;

Des cités d'où s'en vont, en se tordant les bras,

La charité, la paix, la foi, sœurs vénérables ;

L'orgueil chez les puissants et chez les misérables ; `</poem>`

Rename user

This should be a valid link: [Special:RenameUser](#)

Replace Text

This should be a valid link: [Special:ReplaceText](#)

SEBoKMode

This should say either "live", "draft" or "sandbox": live

SemanticForms/PageForms

This should be a valid link: [Special:Forms](#)

Semantic Internal Objects

The factbox below should show a subobject

Semantic Result Formats

Check here for additional formats.

SemanticMediaWiki

Test

Test

Expected

Test

There should be a factbox at the page bottom.

VisualEditor

This should load VisualEditor in edit mode: [edit](#)

Widgets

DISQUS

SEBoK v. 2.0, released 1 June 2019

YouTube

A YouTube video should be visible:

WikiEditor

This should load a tabbed WikiEditor: [edit](#)

WikiSEO

The source of this page should show

```
<meta name="description" content="Test WikiSEO extension."/>
```
