Systems Engineering Concept Model

The printable version is no longer supported and may have rendering errors. Please update your browser bookmarks and please use the default browser print function instead.

INCOSE. 2003. *Systems Engineering Concept Model*. Draft 12 Baseline. Seattle, WA, USA: International Council on Systems Engineering. Available at: [http://syseng.omg.org/SE\\_Conceptual%20Model/SE\\_Conceptual\\_Model.htm](http://syseng.omg.org/SE_Conceptual%20Model/SE_Conceptual_Model.htm)

## Usage

---

This source is considered a primary reference for the System Modeling Concepts article.

## Annotation

---

This reference was the result of a joint effort between INCOSE and members of the AP233 Working Group and the OMG SE DSIG which occurred in 2003. It represents a consensus on the definition of some of the key system modeling concepts.
