The Future of Systems, Man, and Cybernetics

Hipel, K.W., M.M. Jamshidi, J.M. Tien, and C.C. White. 2007. "The Future of Systems, Man, and Cybernetics: Application Domains and Research Methods." *IEEE Transactions on Systems, Man, and Cybernetics - Part C: Applications and Reviews*. 37 (5): 726-743.

Usage

This source is considered a primary reference for the Fundamentals of Services article.

Annotation

This paper discusses a number of new systems, including system-of-systems, and decision-oriented informatics and adaptive-oriented cybernetics methods and their further development are discussed. This paper presents a multidisciplinary outlook with a mass customization focus moving from a steady state to a real-time perspective, and from an optimal to an adaptive approach.
